

ARTLOOK® MARYLAND

What are arts liaisons?

Arts liaisons are teachers or school representatives who provide additional information about the state of arts education at their particular school. These individuals play a critical role in the successful implementation of artlook® Maryland by providing a first-hand account of arts education experiences and needs at their school and by serving as a point of contact for the artlook® Maryland community. Ideally, arts liaisons will also utilize the platform and AEMS resources to seek actionable ways to expand and improve arts education programming in their school and in the broader community.
